      Dr. Nir Lipovetzky (our client)

Agenda Items

1. Team presents what tasks were accomplished during the sprint 1

2. Team demonstrate their work in the form of a demo of new features or underlying architecture

3. Ask the feedback from our client about our accomplished work

   - Dr Nir affirmed the team's work in this sprint and expressed satisfaction with the completed functions.

4. Discuss with our client what needs to be improved

   - Dr Nir pointed out that adding an arrow next to each item in the subgoal list would be helpful for users to notice the presence of a drop-down menu of each item.
   - Dr Nir expressed concern about the possibility of some hard code of the React development and proposed that the team could find some solution or have a try to find some other frameworks to facilitate the development of subsequent development teams in the future.

5. Discuss with our client whether certain requirements need to be changed

   - No updates for the requirements
